NUMBER 72

MARCH 1953

WONDERFUL! WONDERFUL! WONDERFUL!

The graduates in attendance at the Homecoming in November contributed \$166.70 to the School's 49th birthday fund. The committee was thrilled and want to thank you much for your great generosity and continued interest in the building up of the Helena McMillan Educational Fund. This year in May the school will be 50 years old and a big "shindig" is planned in the new Nurses'

Home. Miss McMillan will attend—50 years—once in a life time let's make it a big one. Come on all you good sports out there in the great beyond, send in your 50 pennies and let's have this a 100% contribution in honor of our great leader. Send your contribution to the Secretary of the Alumnae, 1743 W. Harrison St., Chicago 12 — or — to Kate Buckley, Chairman, 3 W. Burton Place, Chicago 10.

Kate Buckley, 1912

ALUMNAE NEWS

Mr. Homer J. Smith writes again from Columbia, S.A. for his wife Helen Daniels Smith, '25. This time because she is busy getting their home in some semblance of order, but we really don't mind as he usually writes quite interestingly. He said they had just moved in the day before and looked like Ambato after the earthquake. Her eyes were examined again when they were State-side last year and no change was found. He has been promoted to general manager of the company in Columbia.

Clyde Leach Hill, '23 writes from Victoria, B.C. Canada that they live in a house by the sea. They are developing small meadows and a garden, and are raising sheep, chickens and vegetables.

Margaret Vasek Wakeman, '50, writes that they have moved. Her husband Bill has been teaching agriculture in Mazon, Ill. for three years. Now he has taken a position as farm manager at Mall Tool Farm, Crete, Ill. They have a fifteen month old daughter, Alice Jean.

Mildred Kisling Cook, '30 and her husband are traveling in the States looking for a place to settle. They have been living in Hawaii and her husband has had a medical retirement, hence the move.

Pauline Campbell, '27 and her mother are living in an apartment in Batavia, Ill. where Pauline's company moved the first of the year. They are enjoying all the possible pleasures of a smaller place.

enjoying the "usual" California weather in LaJolla.

Winnifred Whaley Slaughter, '28 writes from Nicaragua, C.A. that they expect to be in the States some time this year as her husband has a two and half month vacation due him. Dessa Greek, '14 has retired as head nurse of "D" floor. A tea was given in her honor on March 25th. It was good to see so many of the hospital personnel, attending men and alumnae members in to say "good luck, God speed" as Dessie prepares to take off for California. She will let us know where she finally settles down so that we can keep in touch.

Verona Lange, '50 is the new head nurse on "D" floor.

Jane Chadick Vaughan, '36 is living in Tonganoxie, Kansas.

Virginia Hale, '11, writes that she is

They are enjoying it but are looking forward to returning to ranching.

The last letter from the Hollers (Louise Essenberg, '45) was full of their fall and Christmas activities. Louise says that Jake is on the last lap of his language work, and as soon as he finishes they will leave Bahrain for Basra, Arabia where they will be stationed for a year and half. He will be in charge of the Boys' school and Louise will be in Girls' Club work, and little Jenny Lou is thriving.

March 16 the Alumnae Association entertained the Graduating Class of 1953. We met in the amphitheater on third floor for a movie "Across Canada", which was very interesting. After this we moved down to the recreation room on first floor for games and refreshments. Everyone seemed to have a nice time and for once the weather did not conspire against us so that we had a goodly group present.

Treat yourself to a fine future in your chosen field of nursing. Borrow from the Helena McMillan Educational Fund and increase your knowledge and efficiency and enjoy a lasting satisfaction in nursing. No interest charged and all of three years to pay the loan.—Kate Buckley.

Marguerite Rehbein Stevenson, '46, and family are back from overseas, and her husband Lee is supposed to have finished his residency at St. Luke's in Jan. Next thing of course was to plan where to go from there.

Thank you Joyce Muilenberg Bender, '46, for the news letter about your class I used what I could—I had already covered the high points in some of it before, but don't let that stop you from sending it on again—there is always something which can be used. Thanks again.

Mildred Mulder, '48 writes from Stockton, Cal. that she is working in the O.B. dept. of the county hospital near there with the eventual move into out-patient; that Nadine Murphy, '49 is working there on Peds. and Katherine Pallissard, '49 is on Women's Medical at the same place. The three of them live together in a duplex with flowers and shrubs. The hospital work and care of an apartment is nothing new to them but the addition of a lawn and flowers is something else again, but they like it very much.

Since there will be no official celebration of Homecoming in Nov. this year

Eleanor Rott Colbert, '49, and her husband are living temporarily with her mother in Downers Grove, Ill. He has been discharged from the service and they will move to Boston where he had to have a residency in internal medicine at the V.A. Hospital.

of Syracuse University where she had been conducting conferences throughout central New York State on nursing service administration as a part of a program to improve hospital nursing service sponsored by special funds from the W. K. Kellogg Foundation. Her principal responsibilities will be to conduct studies in nursing service, she will also continue to hold an appointment as instructor in surgical nursing on the School of Nursing faculty.

May Stewart, '26, is reported recovering from a fall which she had when working in the Morris Hospital. She went there to work on 3-11 tour and fell when she went to get her wraps and stepped into an unlighted stairway and fell all the way down a concrete stairway. So instead of working there she became a patient, we sincerely hope she has a speedy recovery.

Since there will be no official celebration of Homecoming in Nov. this year

perhaps you would like to know that May 15th is to serve that purpose more or less. There will be a luncheon at noon for class reunions, and the usual Homecoming activities, there will not be a tea in the afternoon but a banquet that evening at the Furniture Club of America. All of you will receive the official invitation with the dates and festivities in plenty of time to make your needed reservations. I suppose I should qualify that statement of "all of you will receive your invitations" and say all of you whose addresses are on file with us, if you know anyone whose correct address is not with us would you let the school know so that invitations will not go astray?

Theodora Townsend Starnes, '07 and her late husband Dr. Brand Starnes were the recipients last year of a beautiful tribute paid to them by Juneau county and environs. They were presented with plaques in appreciation of the forty-two years of faithful service to New Lisbon, Wis. and community. She says she is very happy that this tribute had been given to her husband at that time, because since then he has passed on.

Lt. Jane Costic, '49, has been in the air force a year and has been stationed at Chanute Field, Ill. the entire time.

Bonnie Fahl, '51, has been working as a staff nurse at the V.A. Hospital, Ft. Wayne, Ind. and attending Ind. University extension course there taking Nursing Education. She plans to attend the U. of Ill. at Urbana, Ill. next fall to finish off her degree.

Mary Fariss Nelson, '32, wrote from Washington, D.C. and among her comments about the affairs of the nation, a housewife and mother she made an interesting statement which we want to pass on to you — it may help some of you to face a problem — "the only thing of possible interest is the progress of our ten year old cerebral palsied daughter. Sometimes, when I look at her, and see the progress he has made during the past five years, under the care of Dr. Winthrop Phelps, of Baltimore, I am so grateful I want to be sure that anyone else facing such a problem knows that so much can be done for many of these children."

Mildred S. Lunde, '22, has retired as Director of Nursing Service at Goldwater Memorial Hospital, Welfare Island, N.Y. However, she does not intend to give up active nursing entirely; she intends to keep her hand in at part time staff nursing.

Charlotte Balzer McGrath, '46, writes from Bellevue, Wash. that Margaret Ann is going to kindergarten, Johnny, 4, is behaving like most 4 year olds and Peter is now one year old.

Ruth Friz, '46, is still doing public health nursing in Madison, Wis. for the city public health department.

Jean Grisso, '49, writes from Los Angeles that she and the Becka's, Anna '49 and Bessie '50 and Madeline Almakinders, '51, arrived out there Sept. 27. Jean and Bessie are working at Hollywood Presbyterian Hospital and Madeline and Anna are working at L.A. Children's Hospital.

The Director of Nursing Service is Dorothy Fisher, '30, and Astrid Lund, '33, is assistant evening supervisor. Astrid dropped in this fall to see the new residence while on her vacation.

Dorothy Rew Gross Grant, '21, writes that she is having fun raising a five year old grandson, who is going to kindergarten. She and her husband took a trip west to Victoria, B.C. and then down the coast and home. She says her daughter Mrs. Dorothy Grady has a yard goods business at 205 Wolf's Lane, Pelham 65, N.Y. Mrs. Grady sells by mail order through a catalogue and also by agents who receive 25% commission. In case anyone is interested in either a catalogue or an agency they can contact Mrs. Grady.

Violet Toerner, '45, writes that she is enjoying the California weather in San Jose and if anyone comes out that way

to call her as she is in the phone book. You asked about the Pres. alumnae association out there, Vi, I believe the addresses were in the last news letter.

Bernice Kiefer Utne, '47, writes that her husband is getting out of the service this fall, they will be in Rochester, Minn. after the first of the year. Her husband will have a residency in radiology at Mayo's.

Eleanor Rae, '49, is working in the emergency room and out-patient department of the N.C. Memorial Hospital, Chapel Hill, N.C. The hospital is still in the process of opening and new procedures are constantly being tried. She says its kind of pioneering and fun too. She can take advantage of the University football games, plays and concerts. It is small town living but the hospital is similar to any found in a large city. One thing which surprised her was that there were no sidewalks except the brick ones on the campus.

Helen Marie Sawicki, '51, is in Los Angeles and is working part time at St. John's Hospital in Santa Monica; and also attending the U.C.L.A. full time just for fun. She hasn't decided on her objective yet.

Many persons today honor birthdays and anniversaries by sending contributions to their favorite educational funds. Many others find deep satisfaction in making memorial contributions, thereby serving the living and paying thoughtful tribute to the memory of a loved one. Why not help your fund by so doing? An acknowledgement will be sent to the family or friend and the amount of the gift will be held in confidence.

Alumnae News Letter

NUMBER 73

SEPTEMBER, 1953

"The 50th birthday of our school has come and gone and what a glorious day for all of us. Those in attendance very generously contributed \$226.00 to the birthday fund. Wonderful! This as you know goes into the Helena McMillan Educational Fund each year to aid in furthering the education of our nurses. Orchids to the following nurses who sent in their contributions by mail — Irene Schermerhorn, '38, Dorothy B. Marty, '30, Mrs. Sturgis Dornbush, '38, Harriet Forrest, Henrietta Froehlke, Edith Gaeckle, '32, Hazel Pratt, '23, Mrs. Mulsow, '20, and Mrs. Eckhart, '28. Why not more of you who were unable to attend, add your name to the list of contributions? Never too late you know. The committee wishes to thank all of you for your contributions." And as Kate Buckley, '11, so nicely puts it — yes it has come and gone, but we might add the memory lingers on for those of us who were fortunate enough to be here. For those of you who were not, the Hospital Bulletin will carry much more about it in its next issue. However, we would like to send to you some of the personal touches of the celebration. The regular graduation festivities were at the same time so that the "old grads" could enjoy them, and recall their own. One event which was strictly "new grad" was the faculty dinner given for the graduating class. The great surprise of the evening was, as some of you already know, the establishing of a scholarship for a needy student in the school. This scholarship was given and named in honor of our retiring Director of Education — it is to be known as "The Carrie Belle McNeill Scholarship", and if I may steal some of the sentiment from Kate's plea above — if anyone would like to contribute toward a scholarship for the one who is trying to learn how to be a nurse like you and me and is having a struggle to join our ranks due to finances, why not send in something and we will see that it is added to the C.B. scholarship! One nice contribution was added to the initial

gift by the Silver Anniversary class this year — the Class of '28, this was their 25th anniversary and as their gift they added to the scholarship. Thanks much.

To go on with the notes sent in we first have the class of '21 which says, "Twenty-seven members of the class of '21 from Benton Harbor, Cleveland, Grand Rapids, Kansas City, Los Angeles, Milwaukee, Minneapolis, New York, Sioux Falls, St. Louis, and Greater Chicago greeted each other at the 50th Anniversary. We think of ourselves as Miss McMillan's "children" not "grandchildren", so we were especially glad to see her and Miss Forrest. And we were justly proud to be represented on the program by our own Dorothy. No time was lost for between regular sessions the Ashers (Graham is absentia, Gladys in person) held open house at the Lake Shore Club. For the benefit of you who could not be there we were — Adelaide, Alma May, Anita, Ann (2), Carrie, Doris, Dorothy (2), Ethel, Esther, Gally, Gladys, Grissy, Hazel, Helen, Julia, Lois, Mabel, Margaret, Mary, Mary Louise, Mildred, Pete, Pressy, Ruth, and Scotty, also one of the "grandchildren" — and we wish you had been with us."

Then a few notes from those who sent greetings because they could not bring them personally, we wish they could have but we are glad to have this much — "A warm Aloha," —Helen Pugh Moore, '24, Honolulu, Hawaii.

"Best wishes," Theodora Townsend Starnes, '07, "as one of the 1903 pioneers, it would in truth be a 50th Anniversary." "I wish the alumnae every success" — Gwendolene Dorland Johnston, '20.

"Extend my heartiest congratulations to the alumnae," —Elizabeth Odell.

"Give my love to all the old girls and congratulations to the new class," —Rozella Littleton Ullrey, '10.

"Sincerely regret inability to accept, am going overseas," —Ruth E. Sperling, Capt. '27.

"Regret that the distance from Hawaii is too great for a short visit,"—Ada Louise Slack, Capt. '31.

"Best wishes to all,"—Mrs. F. C. Tyler, '08.

"Congratulations and aloha to Miss McMillan,"—May Burtch, '06, Hawaii.

"Greetings to Miss McMillan and my classmates of 1940,"—Marie Carson Stone.

"Best wishes to you all for a glorious time,"—Camille H. Hart, '18.

"Best wishes for the success of the Golden Anniversary and greetings to any graduates who may remember me,"—Julia S. Chubbuck, '08.

"Please remember me to Miss McMillan. Each added year of experience in the nursing profession has given to me an ever increasing regard for our former

Supt. of Nurses. May the nursing profession be fortunate enough to have the devoted service of many more women of like qualities."—Mary Rust Gruerman, '16.

"Kindest regard to Miss McMillian, and best wishes to all,"—Naomi Hoff Ralston, '37.

"All good wishes for this joyous occasion,"—Adelyn Windmiller Richter, '15.

"Best wishes to Miss McMillan and all,"—Jessie Turner LaMar, '17.

And so to wrap it all up in blue ribbon and tuck away in our memories, let us thank all the committees, all the individuals, from the hospital and the school who made this anniversary possible, and above all thanks to Miss McMillan who really started the whole idea 50 years ago.

The older children will be in boarding school, but the younger will stay at home. Good luck to the Kraays.

The California Presbyterian Nurses had their annual luncheon on Saturday, April 25 at the home of Ramona MacCallum, '26. There were fifty-three present—Mrs. Bessie Parker Buffum, '08 was the oldest graduate and Madeline Almekinders, '51 the youngest one there. Dessie Greek, '14 was there to give an account of the home school. Gaglemann Betz, '21, looks simply wonderful and so proud of a grandchild; Anita Gelber, M.D., '19, is an excellent dermatologist; Fern Katherman Paine, '15, is looking as young as ever, and many times a grandmother! She will be chairman for the next two years and surely as always she will be a success."

Jessie Hawke Peaslie, '45, and Paul, husband, and their daughter Elisa have gone to Honduras where they are in a mission under the auspices of the Central American Mission. They had expected to go by boat but were pleasantly surprised to find they were to fly. Eventually they expect to go to San Jose, Costa Rica for a short trip.

Georgia Weurding Derick, '40, writes from Del Norte, Colo. that she had been in a cast for a badly fractured leg, but at that time she was up and learning to walk again; she has two small daughters.

Marabelle Taylor, '36, who is in French Cameroun, West Africa for the Presbyterian Missions writes about her work out there. We are sorry that her most interesting letter cannot be reproduced here for lack of space. But from it we know she is busy, especially when new recruits come out. Although some of her time is spent "baby-sitting" while the parents are learning the language, she is happy to do it as the "students" will be more capable to take over their responsi-

The Sudan is a great stretch of country in the heart of Africa. The Kraays will first be in Jos, Nigeria, West Africa. Charlotte will be engaged in nursing, and Wesley in dentistry. The older children will be in boarding school, but the younger will stay at home. Good luck to the Kraays.

Helen M. Kallenberg, '30, secretary of the Rocky Mountain Region Presbyterian Alumnae wrote that their meeting in May was quite successful with seventeen present and Miss McMillan as the guest of honor.

Dorothy Heffner, '30, visited Gladys Heikens, '30, at her new home in Greeley, Colo. While there they attended the Rocky Mountain Region Presbyterian luncheon, at Boulder, Colo. She wrote us about it and also included a list of other guests which may prove of interest especially to those of you in that area. Barbara Busch Christianson, '47, Greeley; Helen Cornwall, '29, Aurora; Blanche Kennell Eisele, '31, Denver; Sylvia Kirk Halass, '18, Denver; Helen Kallenberg, '30, Greeley; Thelma Reilly Krause, '18, Roggen; Isabelle McTavish Gates, '33, Denver; Ruth Moon Guthrie, '30, Berthoud; Astrid Lund, '33, Denver; Charlotte Scilly, '22, Loveland; Mabel Munro Shelton, '34, Denver; Ruth Stegemann, '43, Denver. "The things in life are worth working for. And we get them by planning ahead. Borrow from your Helena McMillan Loan Fund, and be prepared to stand at the top among the leaders in your profession. No interest to pay and three years in which to repay the loan!!"

Capt. Kathryn Meyer, '41, is the U.S. Army Health Nurse assigned to the Army Hospital at Fort Lee, Va. Kay's job is comparatively new in the A.N.C. She is in charge of the military dependent's health care. Also she gives the indoctrination lectures in social hygiene and sanitation to the newly assigned trainees in the WAC Training Center. Her work with the dependents is made up of home

visits. Kay was with the 13th GH in WW II; upon her release from active duty she entered Columbia University and received special training in public health. She was recalled to active duty in June 1952 assigned to Walter Reed Hospital and later transferred to Fort Lee.

Anita Foss Chambers, '27, is now on the Island of Okinawa where she will be for a year or so in Medical Activities Ryukyu Service Command. She sailed from San Francisco to Honolulu where they stopped for a day, then on to Yokohama, Japan which she didn't seem to think was much shakes as a city, then flew to Okinawa. The hospital is built of Neissen huts connected by ramps; the nurses and doctors live in Neissen huts also. However the government is really building on the Island — four-lane highways, big headquarter buildings, lovely clubs nicer than the States, airports and beautiful homes for the dependents and civil service workers. The nurses have maid service, don't even have to clean their own shoes or make their beds!

Barbara Madsen Allen, '45, and Betty Allen Hill, '45, dropped in for a visit this summer. Barbara is living in Endicott, N.Y. and has two children Steven, 3, and Susan, 6 mos.; Betty is still in Naperville, Ill. and also has two children, Nancy, 3, and David, 7 mos.

Miss Henrietta E. Davis was welcomed at a tea Aug. 18, 1953. She is the Associate Director of Nursing Education. She comes to us from the University of Houston, Houston, Texas where she had been Director of Nurses. She is a graduate of Indiana University and School of Nursing.

Patricia Hanley McKenzie, '52, is living in Savannah, Ga.

Frances VanDusen Johns, '47, writes from Grand Rapids, Mich. that they have been there for the past two years. Her husband, Dr. Johns is a pediatrician; and they have a small five year old daughter.

Joy Kitzenberger Thede, '52, went to England to study tropical diseases and midwifery. After a year's study there she will then proceed to Sierra Leone in Africa to be a missionary nurse.

Ruth Bigelow Jones, '51, is living in Burlington, N.C. where her husband is farming since being discharged from the army.

Maxine Vawter Joling, '45, and family dropped in for a visit in August; they are living in Wisconsin Rapids, Wis.

Marian Helming Tims, '41, and children are living in Waukon, Iowa at present. It is really just a "stop-over" as they are waiting until they can join her husband in Germany.

Mary VanDyke Clark, '44, and family have moved to Mt. Prospect, Ill. where they have bought a home and are busy redecorating and landscaping.

Dr. and Mrs. Ed. Stika (Carol Christiansen, '48) have returned from several years in Germany where Ed. had been serving with the Army. They are living temporarily in Racine, Wis. with their two children.

Dr. and Mrs. Ed. Scanlon (Virginia Kresin, '46) have returned from Europe where Ed. had been studying for the past several months.

The Alumnae Association held its annual meeting Oct. 19, 1953 at the Nurses Residence. The business was composed of the reports of committee chairmen which showed the year's work; and the election returns which were: Marcella Kurtz, '27, 1st vice-president, Julia MacNeill, '21, recording secretary, Carrie Belle McNeill, '19, corresponding secretary and three directors — Bess Hawver, '26, Helen Kennedy Holifield, '37, and Sharon Tietz, '47. This was followed by a movie and report of the I.N.C. in Brazil given by Corinne Tanner, '47, president, who went as delegate.
